With ArchiSuite, Cigraph intends to provide ArchiCAD users with a set of customizable features to facilitate all phases of their work. Cigraph lets you create simple yet powerful custom elements to help architects and designers speed up and simplify their workflow. With Cigraph, you can quickly start working with ArchiCAD projects from scratch by adding all the elements you need to the project: doors, windows, stairs, columns and floors. Cigraph not only simplifies and speeds up work, but also allows you to save time using new features, such as automatic creation of a 3D model from a flat part.
