"...This game is definitely my favorite of 2016." — Kotaku "Before, I had a soft spot for roguelike action RPGs. While Bloodborne remains one of my favorite games, Elden Ring is one of my new favorite and I think it's easily in my top three of 2016." — PC Heroes "Elden Ring is an outstanding fantasy RPG filled with enthusiasm and enthusiasm. ...I'd say this is the best action RPG I've played in a very long time." — #Gamerhood "Even though, as a longtime Final Fantasy fan, I adore it dearly, Elden Ring will not be missed." — The Harvard Crimson "Elden Ring is a fantastic game that satisfies in every regard. No, it's even better than that: it's the best RPG, period." — Share My Play "The combat is far more streamlined than the turn-based combat of XSEED's other titles, and each of your four characters has their own abilities that are a pleasure to master. In addition to the great combat and the great story, Elden Ring is a game that combines elements from both Final Fantasy and Dragon Quest, but still manages to feel its own." — IGN "An epic game with a rich story. It's very fun and very challenging. The only thing I'm having trouble with is that my Japanese is a bit rusty and I can't figure out a lot of the terms. The English-language guidebook doesn't help at all. I'm fully aware that I have a lot of work to do, though, and I'm going to jump right back into the game so I can start learning." — Tendou Baka — 3rd Monster "I'm using my Vita to play Elden Ring since it's the only console with a recent version and it is much more flexible than the PS4. ...I'm still playing. ...The turn-based combat is great, and the skill tree system has some interesting features. The dungeon exploration is fun as well. ...The soundtrack is quite good." — COSPLAY Diary "E bff6bb2d33
